This is God. Today I will be handling all of your problems for you. I do NOT need your help. So, have a nice day. I love you. P. S. And remember. . .If life happens to deliver a situation to you that you cannot handle, do NOT attempt to resolve it yourself. Kindly put it in the SFGTH (Something for God to Handle) Box. I will get to it in MY time. All situations will be resolved, but in My time, not yours. Once the matter is placed in the box, do not hold onto it by worrying about it. Instead, focus on all the wonderful things that are present in your life now. * IF you find your self stuck in traffic, don't despair. There are people in this world for whom driving is an unheard of privilege. *Should you grieve the passing of another weekend; think of the woman in dire straits, working 12 hours a day, 7 days a week to feed her children. * Should you despair over a relationship gone bad; think of the person who has never known what it's like to love and be loved in return. *Should you find yourself at a loss & pondering what is life all about, asking what is my purpose? Be thankful. There are those who didn't live long enough to get the opportunity. *Should you find yourself the victim of other people's bitterness, ignorance, smallness or insecurities; remember-things could be worse. YOU could be one of them.

Now you have a nice day. . . **God**
